

## Why choose BlueCross

### ✓ Continuum of care

Our in home care and residential services with ageing in place allow for a smooth transition of care as needs change.

### ✓ Varying levels of care

We offer a range of care levels to suit your needs including permanent care, dementia care and respite.

### ✓ Person-centred approach

Our exceptional services are based on the person-centred care model, respecting and supporting residents' independence, dignity and choice.

### ✓ Focus on holistic wellbeing

We take a holistic view of physical, emotional, mental, spiritual and social wellbeing – and integrate all aspects of a person's wellbeing into their care plans and lifestyle activities to enable the best possible quality of life.

### ✓ Qualified, friendly and professional staff

Our attentive nurses, personal carers, lifestyle, hospitality, housekeeping and maintenance staff work together to ensure our residents' needs are attended to.

### ✓ Customer service

We provide support during the process of choosing and transitioning through aged care services and beyond.

enriching *lives*

BlueCross Darnlee is nestled among landscaped gardens on Toorak's prestigious Lansell Road, a stones throw from South Yarra. This heritage-listed federation mansion has been converted to provide permanent and respite care for 47 residents.

## *about the residence*

BlueCross Darnlee has multiple outdoor terraces, landscaped gardens and a choice of comfortable living spaces.

On the ground floor is the elegant original dining room and a private dining room with double doors that flow out to a veranda and terraced gardens. A second dining room is located on the lower ground level, ensuring easy access for meals.

Darnlee's three large communal lounges have televisions with Foxtel, entertainment areas and self-serve tea and coffee stations. More intimate sitting rooms are located throughout Darnlee for quieter moments. The original spacious lounge room is a place to enjoy the piano, read in front of a log fire or relax by the large bay windows.

BlueCross Darnlee offers Standard, Superior, Deluxe, Terrace and Apartment accommodation. Rooms may overlook the outdoor terraces and surrounding landscape, while some have bay windows or access to private balconies.

## *an engaging lifestyle*

Darnlee's diverse leisure and lifestyle program includes music therapy, exercise groups, art and craft sessions, live music and more.

Residents are invited to participate in our community program with students from nearby schools, or join in the regular bus outings.

Outdoor lovers may enjoy pottering among the roses, sipping refreshments on the balconies or relaxing in the gazebo in the front garden.

## *hospitality services*

At BlueCross Darnlee, you'll enjoy a choice of fresh, sumptuous and nutritious cuisine prepared by an on-site chef, including wine with lunch and dinner. Your guests are always welcome to join you for 'happy hour' with drinks and canapés.

A range of allied health services such as podiatry and physiotherapy are available, and hairdressing and manicures are provided in the salon.

BlueCross residences provide a high level of hotel services, with laundry, gardening, housekeeping, cleaning and maintenance all included.

## *our quality care*

To ensure you experience the best possible quality care, there is a nurses' station on every floor, qualified clinical staff on duty around the clock, and a complement of staff led by our Residence Manager providing exceptional care.

At BlueCross, the way in which we deliver care is underpinned by our STARFish Principles. These principles create an environment where all our residents and staff are engaged and get the most out of life – irrespective of age.
